LEGISLATIVE ACTS AND OTHER INSTRUMENTS

Subject : Common position adopted by the Council on 17 February 2005 with a view to the adoption of a Regulation of the European Parliament and of the Council on controls of cash entering or leaving the Community

**REGULATION (EC) No .../2005 OF THE EUROPEAN PARLIAMENT
AND OF THE COUNCIL**

of

on controls of cash entering or leaving the Community

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Articles 95 and 135 thereof,

Having regard to the proposal from the Commission ¹,

Having regard to the Opinion of the European Economic and Social Committee ²,

Acting in accordance with the procedure referred to in Article 251 of the Treaty ³,

¹ OJ C 227 E, 24.9.2002, p. 574.

² OJ

³ Opinion of the European Parliament of 15 May 2003 (OJ C 67 E, 17.3.2004, p. 259), Council Common Position of (not yet published in the Official Journal) and Position of the European Parliament of (not yet published in the Official Journal).

Whereas:

- (1) One of the Community's tasks is to promote harmonious, balanced and sustainable development of economic activities throughout the Community by establishing a common market and an economic and monetary union. To that end the internal market comprises an area without internal frontiers in which the free movement of goods, persons, services and capital is ensured.

- (2) The introduction of the proceeds of illegal activities into the financial system and their investment after laundering are detrimental to sound and sustainable economic development. Accordingly, Council Directive 91/308/EEC of 10 June 1991 on prevention of the use of the financial system for the purpose of money laundering ¹ introduced a Community mechanism to prevent money-laundering by monitoring transactions through credit and financial institutions and certain types of professions. As there is a risk that the application of that mechanism will lead to an increase in cash movements for illicit purposes, Directive 91/308/EEC should be supplemented by a control system on cash entering or leaving the Community.

¹ OJ L 166, 28.6.1991, p. 77. Directive as amended by Directive 2001/97/EC of the European Parliament and of the Council (OJ L 344, 28.12.2001, p. 76).

- (3) At present such control systems are applied by only a few Member States, acting under national legislation. The disparities in legislation are detrimental to the proper functioning of the internal market. The basic elements should therefore be harmonised at Community level to ensure an equivalent level of control on movements of cash crossing the borders of the Community. Such harmonisation should not, however, affect the possibility for Member States to apply, in accordance with the existing provisions of the Treaty, national controls on movements of cash within the Community.
- (4) Account should also be taken of complementary activities carried out in other international fora, in particular of the Financial Action Task Force on Money Laundering (FATF) which was established by the G-7 Summit held in Paris in 1989. Special Recommendation IX of 22 October 2004 of the FATF calls on governments to take measures to detect physical cash movements, including a declaration system or other disclosure obligation.
- (5) Accordingly, cash carried by any natural person entering or leaving the Community should be subject to the principle of obligatory declaration. This principle would enable the customs authorities to gather information on such cash movements and, where appropriate, transmit that information to other authorities. Customs authorities are present at the borders of the Community, where controls are most effective, and some have already built up practical experience in the matter. Use should be made of Council Regulation (EC) No 515/97 of 13 March 1997 on mutual assistance between the administrative authorities of the Member States and cooperation between the latter and the Commission to ensure the correct application of the law on customs and agricultural matters¹. This mutual assistance should ensure both the correct application of cash controls and the transmission of information that might help to achieve the objectives of Directive 91/308/EEC.

¹ OJ L 82, 22.3.1997, p. 1. Regulation as amended by Regulation (EC) No 807/2003 (OJ L 122, 16.5.2003, p. 36).

- (6) In view of its preventive purpose and deterrent character, the obligation to declare should be fulfilled upon entering or leaving the Community. However, in order to focus the authorities' action on significant movements of cash, only those movements of EUR 10 000 or more should be subject to such an obligation. Also, it should be specified that the obligation to declare applies to the natural person carrying the cash, regardless of whether that person is the owner.
- (7) Use should be made of a common standard for the information to be provided. This will enable competent authorities to exchange information more easily.
- (8) It is desirable to establish the definitions needed for a uniform interpretation of this Regulation.
- (9) Information gathered under this Regulation by the competent authorities should be passed on to the authorities referred to in Article 6(1) of Directive 91/308/EEC.
- (10) Where there are indications that the sums of cash are related to any illegal activity, associated with the movement of cash, as referred to in Directive 91/308/EEC, information gathered under this Regulation by the competent authorities may be passed on to competent authorities in other Member States and/or to the Commission. Similarly, provision should be made for certain information to be transmitted whenever there are indications of cash movements involving sums lower than the threshold laid down in this Regulation.

- (11) Competent authorities should be vested with the powers needed to exercise effective control on movements of cash.
- (12) The powers of the competent authorities should be supplemented by the Member States' obligation to lay down penalties. However, penalties should only be imposed for failure to make a declaration in accordance with this Regulation.
- (13) Since the objective of this Regulation cannot be sufficiently achieved by the Member States and can therefore, by reason of the transnational scale of money-laundering in the internal market, be better achieved at Community level, the Community may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve that objective.
- (14) This Regulation respects the fundamental rights and observes the principles recognised, in particular, by the Charter of Fundamental Rights of the European Union,

HAVE ADOPTED THIS REGULATION:
