Subject : Exchange of statistical information on the issuing of uniform visas

In compliance with the Decision of the Executive Committee of 22 December 1994 on the exchange of statistical information on the issuing of uniform visas (SCH/Comex (94) 25), delegations will find attached the statistics detailing the total number of visas (A, B, C, D and LTV) issued by the Belgian, Danish, German, Greek, Spanish, French, Italian, Luxembourg, Netherlands, Austrian, Portuguese, Finnish, Swedish, Icelandic and Norwegian authorities during the year 2004.

Statistics on visas issued by the Czech Republic, Latvia, Lithuania, Hungary and Slovenia are set out on pages 134 to 175. Although the same table is being used, these visas are of course not Schengen visas.

BELGIUM

The total number of visa applications processed at Belgian representations is fairly stable as compared with the 2003 data, showing an increase of 3458 applications – under 2%.

Meanwhile, the refusal rate has risen from 12,37% to 20,28%, a much more significant increase; it is, however, mainly the result of refinement of the methods used in establishing our statistics.

It is therefore difficult to draw objective conclusions from the comparison of the data.
