<b>4. RESPOND</b>				
<b>4.1 CIVILIAN RAPID EU RESPONSE CAPABILITY TO DEAL WITH THE AFTERMATH OF A TERRORIST ATTACK</b>				
4.1.1	Adopt the proposal for a recast of Council Decision 2001/792 establishing a Community mechanism in civil protection assistance (5865/06)	Council / Commission	End 2006	The proposal addresses response to disasters, including civil protection modules, and early warning. EP opinion expected for October 2006.  Negotiations are ongoing within the Council.
4.1.2	Agree a proposal for a Council regulation establishing a Rapid Response and Preparedness Instrument for major emergencies ("financial instrument") (12827/05).	Council	End 2006	The proposal addresses preparedness for disasters and their prevention.  Negotiations are ongoing within the Council.
4.1.3	Follow up the Commission report on the assessment of civil protection assistance through the Mechanism in case of major terrorist attack in the EU, including the medical resources required to respond to a bio-terrorist attack .	Council	Ongoing	Within the framework of the Community Mechanism, the Commission had developed response scenarios to identify the assistance available in case of terrorist attacks. The Commission report was noted by the JHA December 2005 Council and was discussed by the Working Parties on Civil Protection (6629/06) and on Public Health (8264/06). However, several MS considered that the provision of information on vaccines would not be possible at this stage.  The report will be taken into account in the framework of the examination of the proposals on a Rapid Response Instrument and on a recast of the civil protection mechanism.
4.1.4	Improve the ability of MS to use a risk based approach to develop their capabilities to respond to national emergencies and those of their neighbours in a spirit of	Council	Ongoing	Two Workshops on the assessment of risks deriving from terrorism and other threats were held in London, on 27-28 September and 6 December 2005. Information was shared

	solidarity.			on risk assessments methodologies and on good practices on how to use and communicate risks assessments.
4.1.5	Develop the concept of Civil Protection Modules, capable of rapid reaction, interoperable and trained to work together.	Commission/ Council	End 2006	This subject was discussed within a Commission ad hoc expert group during 2005.  Discussions now continue in the framework of the examination of the proposal on the Recast of the Community Civil Protection Mechanism (see 4.1.1).
4.1.6	Make improvements to the Civil Protection Mechanism which do not require a new legal instrument.	Commission	Ongoing	The Commission, the Member States and the Presidency improve the functioning of the Mechanism in the light of lessons learnt exercises undertaken following exercises and each activation of the Mechanism. A lessons learnt meeting on the intervention following the earthquake in Indonesia is planned for July 2006.
4.1.7	Carry out training and exercises directed at interoperability in coping with terrorist attacks.	Commission/ Council	Ongoing	<ol style="list-style-type: none"> <li>1) Training activities in the framework of the Civil Protection Mechanism (induction, operational management and high-level coordination courses) help preparing first responders for assistance in case of major emergencies, including terrorism.</li> <li>2) Three exercises focusing on terrorist related scenarios will be organized in 2006-2007, under the call for proposals launched by the Commission in 2005.</li> <li>3) Cion is as of June 2006 conducting two new types of specific training course on assessment methodologies and on staff management for experts. Furthermore, senior managers who have attended the High Level Coordination Course are as of June 2006 offered an annual refresher course.</li> </ol>

4.1.8.	Agree a common insignia for EU intervention teams.	Commission	End 2006	Cion has designed and produced vests with common insignia for experts and team leaders. Cion is now working on additional insignia such as flags and stickers.
4.1.9	Improve exchange of information on victim identification	Council	December 2006	Council in dialogue with Interpol on the use and further development of Interpol's database.
4.1.10	Ensure appropriate consideration is given within Civilian Headline Goal 2008 to the deployment and further development of civilian capabilities (in particular Police, Rule of Law, Civilian Administration and Civil Protection), in order to prevent as well as counter the terrorist threats within the limitations of the mandate.	Council	November 2006	Consideration to use of ESDP civilian capabilities to counter terrorist threats in ESDP mission theaters is given in the CHG 2008 process by including such threats in the scenarios that are at the basis of the process. Consequently, the request for civilian resources to MS in the framework of the CHG process, as well as MS' replies, take into account the terrorism concern. Civilian resources indicated by MS will be confirmed at the Civilian Capabilities Improvement Conference in November 2006.  As to the use of civil protection capabilities in consequence management under ESDP, interventions may be carried out with recourse to the community civil protection mechanism, under the provisions set down by the relevant Joint Council/Commission Declaration of September 2003.
4.1.11	Protect minority communities which may be at risk of a backlash in the event of a major attack.	Council/Commission	Ongoing	Continued monitoring by the European Monitoring Centre on Racism and Xenophobia of racial violence and discrimination.
4.1.12	Ensure full implementation of the 2001 Commission programme on preparedness and response to biological and chemical agent attacks (Health Security) and the 2004 Solidarity Programme on the consequences of	Council/Commission/MS	Ongoing	a) Implemented regarding certain types of attacks and being widened to other types. b) Implemented through RAS-BICHAT (rapid alert system for biological and chemical attacks) c) <i>See 4.1.4.</i>

<b>4.2 MILITARY RAPID RESPONSE CAPABILITY TO DEAL WITH THE AFTERMATH OF A TERRORIST ATTACK</b>				
4.2.1	Adapt the military database of assets and capabilities relevant to the protection of civilian populations against the effects of terrorist attacks (including CBRN) to reflect its expansion to all types of natural and man-made disasters.	Council/Commission	End 2006.	Work has continued in Council working groups but as yet no agreement has been reached on the first report on the military database of assets. See also 4.2.7. Progress on that point would open the way for the database to be adapted.

	<b>Measure/Action</b>	<b>Competent Body</b>	<b>Deadline</b>	<b>status/observations</b>
4.2.2	Elaboration of a detailed report on modalities procedures and criteria to develop the appropriate level of interoperability between military and civilian capabilities in the framework of protection of civilian populations following a terrorist attack, including in crisis management operations under Title V of the TEU.	Council/MS	End 2006	Follow up to be considered by the Council and MS.
4.2.3	Follow-up the "trilateral initiative" at NATO in the framework of civil emergency planning in crisis management (cf. 14797/04 sub 19.1).	Council/ Commission	Ongoing	The EU will continue to seek ways to cooperate with NATO in the context of the "trilateral initiative". The Secretariat, with the participation of the Commission, will continue to maintain the necessary contacts with the IS to ensure the exchange of information and to enable PSC-NAC and PMG-PCG meetings to be held with all the Member States.
4.2.4	Ensure the terrorist threat is incorporated into the illustrative scenarios of the Headline Goal 2010 .	Council	Ongoing	This has been done but the terrorist threat should continue to be incorporated in future revisions of the illustrative scenarios
4.2.5	Improve protection of all personnel, material and assets deployed for crisis management operations under Title V of the TEU, including, as appropriate, the ability to protect possible key civilian targets, including critical infrastructure, in the area of operations within available means and capabilities and on a case by case basis based on the threat analysis.	Council	Ongoing	This issue is taken into account in all operations. It is also factored into to both the civilian and military headline goal processes. The EDA is working on several projects to enhance protection.
4.2.6	General framework for the use of Member States military	Council	End 2006	The general framework was noted by the Council in May

4.2.7.	Military support to EU disaster response : identification of assets and capabilities and proposals for coordination of the use of these assets	Council	End 2006	This is under discussion in Council working groups. So far EUMC and CODEV have finalized their advice on the working paper and PROCIV is now in the process of doing so as well. After discussion in PSC, the document should go to Coreper in the second half of 2006 in order to agree proposals for the Council.
<b>4.3. EARLY WARNING OF TERRORIST ATTACKS</b>				
4.3.1	Create a secure general rapid alert system to link all existing specialised rapid alert systems for emergencies that require action at European level : <ul style="list-style-type: none"> <li>- ARGUS (Commission)</li> <li>- Establishment of links between Commission and Council Services and other competent authorities.</li> </ul>	Commission, Council, Member States	End 2006	The ARGUS network of the Commission is operational as of January 2006. In the final stage, it will interconnect all specialised rapid alert systems for emergencies that require action on the European level.
4.3.2	Timely analysis of attacks carried out by terrorists.	Sitcen	Ongoing	Regular SitCen reports
<b>4.4 CAPABILITIES TO COORDINATE EFFECTIVELY THE MANAGEMENT OF THE RESPONSE</b>				
4.4.1	Implement EU Crisis Coordination arrangements to share information, ensure coordination and enable collective decision-making at politico-strategic level in the event of an emergency .	Council / Commission	Report in December 2006	Crisis coordination Arrangements were agreed by the Council in December 2005 (15106/05).  A manual on EU emergency and crisis coordination was endorsed by the JHA Council on 1-2 June 2006, containing inter alia :  - Interim EU Emergency and Crisis Coordination Arrangements in Brussels,
