(presented by the Commission)

## EXPLANATORY MEMORANDUM

### 1) CONTEXT OF THE PROPOSAL

- **Grounds for and objectives of the proposal**

The proposal aims to amend Regulation (EC) No.../... of the European Parliament and the Council on the addition of vitamins and minerals and of certain other substances to foods, to align it with Council Decision 2006/512/EC amending Decision 1999/468/EC laying down the procedures for the exercise of implementing powers conferred to the Commission.

- **General context**

Council Decision 1999/468/EC of 28 June 1999 laying down procedures for the exercise of implementing powers conferred on the Commission has been amended by Council Decision 2006/512/EC of 17 July 2006. This decision established a new Comitology procedure: the "regulatory procedure with scrutiny". Article 2 paragraph 2 of Decision 1999/468/EC, as amended, reads :  
*" Where a basic instrument, adopted in accordance with the procedure referred to in Article 251 of the Treaty, provides for the adoption of measures of general scope designed to amend non-essential elements of that instrument, inter alia by deleting some of those elements or by supplementing the instrument by the addition of new non-essential elements, those measures shall be adopted in accordance with the regulatory procedure with scrutiny."*

The new rules have become applicable at the date of the entry into force of the amending Decision (23 July 2006).

The present proposal aims to amend Regulation (EC) No.../... of the European Parliament and the Council on the addition of vitamins and minerals and of certain other substances to foods, to align it with Council Decision 2006/512/EC amending Decision 1999/468/EC laying down the procedures for the exercise of implementing powers conferred to the Commission.

Due to the urgency of the matter it will be necessary that the adoption of this proposal by the Parliament and Council takes place by December 2006.

### 2) LEGAL ELEMENTS OF THE PROPOSAL

- **Summary of the proposed action**

The present proposal aims to introduce in the Regulation (EC) No.../... of the European Parliament and the Council on the addition of vitamins and minerals and of certain other substances to foods reference to the new Regulatory procedure with scrutiny in all cases where the Commission is empowered to adopt quasi-legislative measures within the meaning of Article 2 of Decision 1999/468/EC laying down the procedures for the exercise of implementing powers conferred to the Commission, as amended by Council Decision 2006/512/EC.

- **Legal basis**

Article 95 of the EC Treaty
