amending Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 338/97 of 9 December 1996 on the protection of species of wild fauna and flora by regulating trade therein¹, and in particular Article 19(5) thereof,

Whereas:

- (1) Regulation (EC) No 338/97 lists animal and plant species in respect of which trade is restricted or controlled. Those lists incorporate the lists set out in the Appendices to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES), hereinafter ‘the Convention’.
- (2) At the 16th meeting of the Conference of the Parties to the Convention, held in Bangkok, Thailand, in March 2013, certain amendments were made to the Appendices to the Convention.
- (3) The family Platysternidae spp. has been included in Appendix I to the Convention (the only species in the family *Platysternon megacephalum* was previously listed in Appendix II).
- (4) The following species have been deleted from Appendix I to the Convention: *Thylacinus cynocephalus*, *Onychogalea lunata*, *Caloprymnus campestris*, *Chaeropus ecaudatus*, *Macrotis leucura*, *Lophura imperialis* and *Campephilus imperialis*.
- (5) The following species have been transferred from Appendix II to Appendix I to the Convention: *Trichechus senegalensis*, *Geochelone platynota*, *Chitra chitra*, *Chitra vandijki* and *Pristis microdon*.
- (6) The following taxa have been transferred from Appendix I to Appendix II to the Convention: *Vicugna vicugna* (population of Ecuador; with annotation) and *Tympanuchus cupido attwateri*.
- (7) The following species have been included in Appendix II to the Convention: *Naultinus* spp. (previously listed in Appendix III), *Trimeresurus mangshanensis*, *Clemmys guttata*, *Emydoidea blandingii*, *Malaclemys terrapin*, *Cyclemys* spp., *Geoemyda*

¹ OJ L 61, 3.3.1997, p. 1.

japonica, *Geoemyda spengleri* (previously listed in Appendix III), *Hardella thurjii*, *Mauremys japonica*, *Mauremys nigricans* (previously listed in Appendix III), *Melanochelys trijuga*, *Morenia petersi*, *Sacalia bealei* (previously listed in Appendix III), *Sacalia quadriocellata* (previously listed in Appendix III), *Vijayachelys silvatica*, *Dogania subplana*, *Nilssonina formosa*, *Nilssonina leithii*, *Palea steindachneri* (previously listed in Appendix III), *Pelodiscus axenaria* (previously listed in Appendix III), *Pelodiscus maackii* (previously listed in Appendix III), *Pelodiscus parviformis* (previously listed in Appendix III), *Rafetus swinhoei* (previously listed in Appendix III), *Epipedobates machalilla*, *Carcharhinus longimanus* (with annotation), *Sphyrna lewini* (with annotation; previously listed in Appendix III), *Sphyrna mokarran* (with annotation), *Sphyrna zygaena* (with annotation), *Lamna nasus* (with annotation; previously listed in Appendix III), *Manta* spp. (with annotation), *Yucca queretaroensis*, *Operculicarya decaryi*, *Diospyros* spp. (with annotation; populations of Madagascar; most of these species were previously listed in Appendix III), *Dalbergia cochinchinensis* (with annotation), *Dalbergia granadillo* (with annotation), *Dalbergia retusa* (with annotation; populations of Guatemala and Panama were previously listed in Appendix III), *Dalbergia stevensonii* (with annotation; populations of Guatemala were previously listed in Appendix III), *Dalbergia* spp. (with annotation; populations of Madagascar), *Senna meridionalis*, *Adenia firingalavensis*, *Adenia subsessilifolia*, *Uncarina grandidieri*, *Uncarina stellulifera*, *Osyris lanceolata* (with annotation; populations of Burundi, Ethiopia, Kenya, Rwanda, Uganda and the United Republic of Tanzania) and *Cyphostemma laza*.

- (8) The following species have been deleted from Appendix II to the Convention: *Pteropus brunneus*, *Caracara lutosa*, *Sceloglaux albifacies*, *Rheobatrachus silus*, *Rheobatrachus vitellinus*, *Tillandsia kautskyi*, *Tillandsia sprengeliana*, *Tillandsia sucrei*, *Dudleya stolonifera* and *Dudleya traskiae*.
- (9) The taxa *Rupicapra pyrenaica ornata* and *Papilio hospiton* have been transferred from Appendix I to Appendix II to the Convention. Those taxa are included in Annex II (species of Community interest requiring the designation of special areas of conservation) and Annex IV (species of Community interest requiring strict protection) to Council Directive 92/43/EEC of 21 May 1992 on the conservation of natural habitats and of wild fauna and flora². Both taxa should therefore remain in Annex A to this Regulation.
- (10) The following species listed in Appendix II to the Convention are subject to a zero annual export quota which has been established for specimens removed from the wild and traded for commercial purposes: *Batagur borneoensis*, *Batagur trivittata*, *Cuora aurocapitata*, *Cuora flavomarginata*, *Cuora galbinifrons*, *Cuora mccordi*, *Cuora mouhotii*, *Cuora pani*, *Cuora trifasciata*, *Cuora yunnanensis*, *Cuora zhoui*, *Heosemys annandalii*, *Heosemys depressa*, *Mauremys annamensis* and *Orlitia borneensis*. *Chelodina mccordi* has been maintained in Appendix II with an annotation for a zero export quota from the wild.
- (11) Annotation #3 for the listings in Appendix II to the Convention of the species *Panax ginseng* and *Panax quinquefolius* has been amended.

² OJ L 206, 22.7.1992, p. 7.

- (12) Annotation #9 for the listing in Appendix II to the Convention of the species *Hoodia* spp. has been amended.
- (13) Annotation #12 for the listing in Appendix II to the Convention of the species *Aniba rosaeodora* has been amended.
- (14) The annotation for the listings in Appendix II to the Convention of the species *Aquilaria* spp. and *Gyrinops* spp. has been replaced by a new annotation #xx.
- (15) None of the Member States has entered a reservation in respect of any of those amendments.
- (16) At the 16th meeting of the Conference of the Parties to the Convention, new nomenclatural references for animals were adopted.
- (17) After the 16th meeting of the Conference of the Parties to the Convention, the following species has been included in Appendix III to the Convention: *Hynobius amjiensis*.
- (18) The provisions of Regulation (EC) No 338/97 are only designed to apply to live specimens of invasive alien species and this should be clarified in the annotations relating to those species.
- (19) In order to implement into EU law the amendments made to Appendices I, II and III to the Convention, the Annex to Regulation (EC) No 338/97 should be amended accordingly.
- (20) Regulation (EC) No 338/97 should therefore be amended accordingly. In view of the extent of the amendments it is appropriate, for clarity purposes, to replace the Annex to that Regulation in its entirety.
- (21) The measures provided for in this Regulation are in accordance with the opinion of the Committee on Trade in Wild Fauna and Flora established pursuant to Article 18(1) of Regulation (EC) No 338/97,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to Regulation (EC) No 338/97 is replaced by the text set out in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

*For the Commission
The President*

ANNEX

‘ANNEX

Notes on interpretation of Annexes A, B, C and D

1. Species included in Annexes A, B, C and D are referred to:
 - (a) by the name of the species; or
 - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation ‘spp.’ is used to denote all species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. Species printed in bold in Annex A are listed there in consistency with their protection as provided for by Council Directive 2009/147/EC³ or Council Directive 92/43/EEC⁴.
5. The following abbreviations are used for plant taxa below the level of species:
 - (a) ‘ssp.’ is used to denote subspecies;
 - (b) ‘var(s).’ is used to denote variety (varieties); and
 - (c) ‘fa.’ is used to denote forma.
6. The symbols ‘(I)’, ‘(II)’ and ‘(III)’ placed against the name of a species or higher taxon refer to the Appendices to the Convention in which the species concerned are listed as indicated in notes 7, 8 and 9. Where none of these annotations appears, the species concerned are not listed in the Appendices to the Convention.
7. (I) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix I to the Convention.
8. (II) against the name of a species or higher taxon indicates that the species or higher taxon concerned is included in Appendix II to the Convention.
9. (III) against the name of a species or higher taxon indicates that it is included in Appendix III to the Convention. In this case the country with respect to which the species or higher taxon is included in Appendix III is also indicated.
10. ‘Cultivar’ means, following the definition of the 8th edition of the *International Code of Nomenclature for Cultivated Plants*, an assemblage of plants that (a) has been selected for a particular character or combination of characters, (b) is distinct, uniform, and stable in these characters, and (c) when propagated by appropriate means, retains those characters. No new taxon of a cultivar can be regarded as such until its category name and circumscription has been formally published in the latest edition of the *International Code of Nomenclature for Cultivated Plants*.
11. Hybrids may be specifically included in the Appendices but only if they form distinct and stable populations in the wild. Hybrid animals that have in their previous four generations of the lineage one or more specimens of species included in Annexes A or B shall be subject to the provisions of this Regulation just as if they were full species, even if the hybrid concerned is not specifically included in the Annexes.

³ OJ L 20, 26.1.2010, p. 7.

⁴ OJ L 206, 22.7.1992, p. 7.

12. When a species is included in Annex A, B or C, all parts and derivatives of the species are also included in the same Annex unless the species is annotated to indicate that only specific parts and derivatives are included. In accordance with Article 2 (t), the symbol ‘#’ followed by a number placed against the name of a species or higher taxon included in Annex B or C designates parts or derivatives which are specified in relation thereto for the purposes of this Regulation as follows:
- #1 Designates all parts and derivatives, except:
 - (a) seeds, spores and pollen (including pollinia);
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - (c) cut flowers of artificially propagated plants; and
 - (d) fruits and parts and derivatives thereof of artificially propagated plants of the genus *Vanilla*.
 - #2 Designates all parts and derivatives, except:
 - (a) seeds and pollen; and
 - (b) finished products packaged and ready for retail trade.
 - #3 Designates whole and sliced roots and parts of roots, excluding manufactured parts or derivatives, such as powders, pills, extracts, tonics, teas and confectionery.
 - #4 Designates all parts and derivatives, except:
 - (a) seeds (including seedpods of Orchidaceae), spores and pollen (including pollinia). The exemption does not apply to seeds from Cactaceae spp. exported from Mexico, and to seeds from *Beccariophoenix madagascariensis* and *Neodypsis decaryi* exported from Madagascar;
 - (b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - (c) cut flowers of artificially propagated plants;
 - (d) fruits and parts and derivatives thereof of naturalized or artificially propagated plants of the genus *Vanilla* (Orchidaceae) and of the family Cactaceae;
 - (e) stems, flowers, and parts and derivatives thereof of naturalized or artificially propagated plants of the genera *Opuntia* subgenus *Opuntia* and *Selenicereus* (Cactaceae); and
 - (f) finished products of *Euphorbia antisiphilitica* packaged and ready for retail trade.
 - #5 Designates logs, sawn wood and veneer sheets.
 - #6 Designates logs, sawn wood, veneer sheets and plywood.
 - #7 Designates logs, wood-chips, powder and extracts.
 - #8 Designates underground parts (i.e. roots, rhizomes): whole, parts and powdered.
 - #9 Designates all parts and derivatives, except those bearing a label ‘Produced from *Hoodia* spp. material obtained through controlled harvesting and production under the terms of an agreement with the relevant *CITES Management Authority of [Botswana under agreement No. BW/xxxxxx] [Namibia under agreement No. NA/xxxxxx] [South Africa under agreement No. ZA/xxxxxx]*’.
 - #10 Designates logs, sawn wood, veneer sheets, including unfinished wood articles used for the fabrication of bows for stringed musical instruments.
 - #11 Designates logs, sawn wood, veneer sheets, plywood, powder and extracts.
 - #12 Designates logs, sawn wood, veneer sheets, plywood and extracts. Finished products containing such extracts as ingredients, including fragrances, are not considered to be covered by this annotation.
 - #13 Designates the kernel (also known as ‘endosperm’, ‘pulp’ or ‘copra’) and any derivative thereof.
 - #14 Designates all parts and derivatives, except:
 - a) seeds and pollen;
 - b) seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers;
 - c) fruits;
 - d) leaves;
 - e) exhausted agarwood powder, including compressed powder in all shapes;
 - f) finished products packaged and ready for retail trade, this exemption does not apply to beads, prayer beads and carvings.
13. As none of the species or higher taxa of FLORA included in Annex A is annotated to the effect that its hybrids shall be treated in accordance with the provisions of Article 4.1 of this Regulation, this means that artificially propagated hybrids produced from one or more of these species or taxa may be traded with a certificate of artificial propagation, and that seeds and pollen (including pollinia), cut flowers,

seedling or tissue cultures obtained *in vitro*, in solid or liquid media, transported in sterile containers of these hybrids are not subject to the provisions of this Regulation.

14. Urine, faeces and ambergris which are waste products and gained without the manipulation of the animal concerned are not subject to the provisions of this Regulation.
15. In respect of fauna species listed in Annex D, the provisions of this Regulation shall apply only to live specimens and whole, or substantially whole, dead specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:
 - § 1 Any whole, or substantially whole, skins, raw or tanned.
 - § 2 Any feathers or any skin or other part with feathers on it.
16. In respect of flora species listed in Annex D, the provisions of this Regulation shall apply only to live specimens except for taxa which are annotated as follows to show that other parts and derivatives are also covered:
 - § 3 Dried and fresh plants, including, where appropriate; leaves, roots/rootstock, stems, seeds/spores, bark and fruits.
 - § 4 Logs, sawn wood and veneer sheets.

Populations of Botswana, Namibia, South Africa and Zimbabwe (listed in Annex B):

For the exclusive purpose of allowing: (a) trade in hunting trophies for non-commercial purposes; (b) trade in live animals to appropriate and acceptable destinations as defined in Resolution Conf. 11.20 for Botswana and Zimbabwe and for *in situ* conservation programmes for Namibia and South Africa; (c) trade in hides; (d) trade in hair; (e) trade in leather goods for commercial or non-commercial purposes for Botswana, Namibia and South Africa and for non-commercial purposes for Zimbabwe; (f) trade in individually marked and certified Ekipas incorporated in finished jewellery for non-commercial purposes for Namibia and ivory carvings for non-commercial purposes for Zimbabwe; (g) trade in registered raw ivory (for Botswana, Namibia, South Africa and Zimbabwe whole tusks and pieces) subject to the following: (i) only registered government-owned stocks, originating in the State (excluding seized ivory and ivory of unknown origin); (ii) only to trading partners that have been verified by the Secretariat, in consultation with the Standing Committee, to have sufficient national legislation and domestic trade controls to ensure that the imported ivory will not be re-exported and will be managed in accordance with all requirements of Resolution Conf. 10.10 (Rev. CoP14) concerning domestic manufacturing and trade; (iii) not before the Secretariat has verified the prospective importing countries and the registered government-owned stocks; (iv) raw ivory pursuant to the conditional sale of registered government-owned ivory stocks agreed at CoP12 which are 20,000 kg (Botswana), 10,000 kg (Namibia) and 30,000 kg (South Africa); (v) in addition to the quantities agreed at CoP12, government-owned ivory from Botswana, Namibia, South Africa and Zimbabwe registered by 31 January 2007 and verified by the Secretariat may be traded and despatched, with the ivory in paragraph (g)(iv) above in a single sale per destination under strict supervision of the Secretariat; (vi) the proceeds of the trade are used exclusively for elephant conservation and community conservation and development programmes within or adjacent to the elephant range; and (vii) the additional quantities specified in paragraph (g)(v) above shall be traded only after the Standing Committee has agreed that the above conditions have been met; (h) no further proposals to allow trade in elephant ivory from populations already in Annex B shall be submitted to the Conference of the Parties for the period from CoP14 and ending nine years from the date of the single sale of ivory that is to take place in accordance with provisions in paragraphs (g)(i), (g)(ii), (g)(iii), (g)(vi), and (g)(vii). In addition, such further proposals shall be dealt with in accordance with Decisions 14.77 and 14.78 (Rev. CoP15). On a proposal from the Secretariat, the Standing Committee can decide to cause this trade to cease partially or completely in the event of non-compliance by exporting or importing countries, or in the case of proven detrimental impacts of the trade on other elephant populations. All other specimens shall be deemed to be specimens of species included in Annex A and the trade in them shall be regulated accordingly.

Artificially propagated hybrids of *Cymbidium*, *Dendrobium*, *Phalaenopsis* and *Vanda* are not subject to the provisions of this Regulation, when specimens are readily recognizable as artificially propagated and do not show any signs of having been collected in the wild such as mechanical damage or strong dehydration resulting from collection, irregular growth and heterogeneous size and shape within a taxon and shipment, algae or other epiphyllous organisms adhering to leaves, or damage by insects or other pests; and

(a) when shipped in non flowering state, the specimens must be traded in shipments consisting of individual containers (such as cartons, boxes, crates or individual shelves of CC-containers) each containing 20 or more plants of the same hybrid; the plants within each container must exhibit a high degree of uniformity and healthiness; and the shipment must be accompanied by documentation, such as an invoice, which clearly states the number of plants of each hybrid; or

(b) when shipped in flowering state, with at least one fully open flower per specimen, no minimum number of specimens per shipment is required but specimens must be professionally processed for commercial retail sale, e.g. labelled with printed labels or packaged with printed packages indicating the name of the hybrid and the country of final processing. This should be clearly visible and allow easy verification.

Plants not clearly qualifying for the exemption must be accompanied by appropriate CITES documents.
