~~New Article~~

~~In line with the general objective, this appropriation is intended to pursue the following specific objectives in the areas of education, training and youth:~~

- ~~— To improve the level of key competences and skills regarding in particular their relevance for the labour market and society, as well as the participation of young people in democratic life in Europe, notably through increased learning mobility opportunities for young people, learners, staff and youth workers, and through strengthened cooperation between education, youth and the world of labour market,~~
- ~~— To foster quality improvements, innovation excellence and internationalisation at the level of educational institutions, as well as in youth work, notably through enhanced transnational cooperation between education and training providers/youth organisations and other stakeholders,~~

~~— To promote the emergence of a European lifelong learning area, trigger policy reforms at national level, support the modernisation of education and training systems, including non-formal learning, and support European cooperation in the youth field, notably through enhanced policy cooperation, better use of recognition and transparency tools and the dissemination of good practices,~~

~~— To enhance the international dimension of education, training and youth notably in higher education by increasing the attractiveness of the Union higher education institutions and supporting the Union external action, including its development objectives through the promotion of mobility and cooperation between EU and third country higher education institutions and targeted capacity building in third countries.~~

~~To improve the teaching and learning of languages and promote linguistic diversity. The contributions from the EFTA States pursuant to the Agreement on the European Economic Area, and in particular Article 82 thereof and Protocol 32 thereto, must be added to the appropriations entered in this budget line. By way of information, these amounts derive from contributions from the EFTA States entered against Article 6 3 0 of the statement of revenue, which constitute assigned revenue in accordance with Article 21(2)(e) to (g) of the Financial Regulation; they give rise to the provision of corresponding appropriations and to implementation under the ‘European Economic Area’ Annex to this part of the statement of expenditure in this section, which forms an integral part of the general budget.~~

~~Any revenue from the contributions from candidate countries and, if applicable, the Western Balkan potential candidate countries for participating in Union programmes entered in Item 6 0 3 1 of the statement of revenue may give rise to the provision of additional appropriations, according to the same ratio as between the amount authorised for expenditure on administrative management and the total appropriations entered for the programme, in accordance with Article 21(2)(e) to (g) of the Financial Regulation.~~

~~Any revenue from the contribution from the Swiss Confederation for participating in Union programmes entered under Item 6 0 3 3 of the statement of revenue may give rise to the provision of additional appropriations, in accordance with Article 21(2)(e) to (g) of the Financial Regulation.~~
