Statement by the Commission on the Competence of the Committee

The Commission regrets the adoption of Article 49(5) and the corresponding recital 49 that have the potential to create confusion and legal uncertainty. The role of the Committees which ensure control by Member States on the Commission's exercise of implementing powers is defined only by Regulation No (EU) 182/2011, adopted on the basis of Article 291, third paragraph, TFEU. Therefore, no other secondary legislative act can alter or would need to specify further this role. In particular, the rules of procedures of committees are adopted by the committees on the basis of Regulation No (EU) 182/2011.

As such they are to be applied when the Committee exercise its role defined by Regulation No (EU) 182/2011. Any reference to rules of procedures outside this context is superfluous and inappropriate. It also risks complicating the functioning of the committee.

Statement by the Commission on the recital referring to the possibility of the European Parliament to be invited to meetings of expert groups

With regard to the recital 50 and the possibility of the European Parliament to be invited to meetings of expert groups, the Commission will implement this recital in accordance with its practice in the implementation of point 15 of the Framework agreement on relations between the European Parliament and the European Commission. Meetings of the comitology committee are explicitly excluded under this arrangement. Concerning the reference to infringements in the same recital, the Commission considers this misleading as infringements proceeding are discussed with Member States in the context of the procedures set out under article 258 TFEU.

Statement by Austria and Germany

German language versions of the directives contain translation errors, which, among other things, reverse the meaning of provisions, thus undermining the legal position of the Council. Such errors have been found in documents PE-CONS 53/13, 50/13 and 54/13.

Austria and Germany therefore request a prompt correction and reserve the right to use the English language version for interpretation.
