TRANS 403

COVER NOTE

From:	European Commission
date of receipt:	8 September 2014
To:	General Secretariat of the Council
No. Cion doc.:	D033759/03
Subject:	COMMISSION REGULATION (EU) No .../.. of XXX on the technical specification for interoperability relating to the telematics applications for freight subsystem of the rail system in the European Union and repealing the Regulation (EC) No 62/2006

Delegations will find attached document D033759/03.

Encl.: D033759/03

Brussels, **XXX**
[...](2014) **XXX** draft

COMMISSION REGULATION (EU) No .../..

of **XXX**

**on the technical specification for interoperability relating to the telematics applications
for freight subsystem of the rail system in the European Union and repealing the
Regulation (EC) No 62/2006**

(Text with EEA relevance)

COMMISSION REGULATION (EU) No .../..

of XXX

on the technical specification for interoperability relating to the telematics applications for freight subsystem of the rail system in the European Union and repealing the Regulation (EC) No 62/2006

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2008/57/EC of the European Parliament and of the Council of 17 June 2008 on the interoperability of the rail system within the Community¹, and in particular Article 6(1) thereof,

Whereas:

- (1) Pursuant to Article 2(e) of Directive 2008/57/EC, the rail system is subdivided into structural and functional subsystems. Each of the subsystems should be covered by a technical specification for interoperability (TSI).
- (2) Commission Regulation (EC) No 62/2006 of 23 December 2005 has established the technical specifications for interoperability relating to the telematics applications for freight subsystem of the trans-European rail system.
- (3) The European Railway Agency (the Agency) received a mandate in 2010 to review the technical specifications for interoperability ('TSI') for the 'telematics applications for freight' ('TAF') subsystem in accordance with Article 6(1) of Directive 2008/57/EC.
- (4) On 10th December 2013, the Agency issued a recommendation ERA/REC/106 - 2013/REC to update Annex A to Regulation (EC) No 62/2006.
- (5) The TSI TAF should not require the use of specific technologies or technical solutions except where this is necessary for the interoperability of the European rail system.
- (6) The rail sector representative bodies have defined the Master plan for the implementation of the TSI TAF. This Master plan indicates the stages required to move from a fragmented national approach to a seamless information exchange across the European rail system.

¹ OJ L 191, 18.7.2008, p. 1.

- (7) The TSI TAF is based on the best available expert knowledge. Technological and operational developments could however make further amendments to this TSI TAF necessary. A Change Control Management process should therefore be devised to consolidate and update the requirements of the TSI TAF.
- (8) All players, especially small freight operators not members of European railway sector representative bodies, should be informed of their obligations in relation with the TSI TAF.
- (9) Regulation (EC) No 62/2006 should therefore be repealed.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Committee established in accordance with Article 29(1) of Directive 2008/57/EC.

HAS ADOPTED THIS REGULATION:

Article 1

Subject matter

The technical specification for interoperability (TSI) relating to the 'telematics applications for freight' subsystem of the European rail system as set out in the Annex, is hereby adopted.

Article 2

Scope

1. The TSI shall apply to the subsystem 'telematics applications' of the rail system in the European Union as defined in section 2.6 (b) of Annex II to Directive 2008/57/EC.
2. The TSI shall apply to the following networks:
 - (a) the trans-European conventional rail system network as defined in Annex I, section 1.1 of Directive 2008/57/EC;
 - (b) the trans-European high-speed rail system network as defined in Annex I, section 2.1 of Directive 2008/57/EC;
 - (c) other parts of the network of the rail system in the Union.

The TSI shall not apply to the cases referred to in Article 1(3) of Directive 2008/57/EC.

3. The TSI shall apply to networks with the following nominal track gauges: 1435 mm, 1520 mm, 1524 mm, 1600 mm and 1668 mm

Article 3

Update and reporting on technical documents

The Agency shall make available via its website the Locations codes and Company codes as referred to in point 4.2.11.1 (items b and d) and the technical documents referred to in section 7.2 of the Annex and shall report to the Commission on their progress.

The Commission shall inform the Member States about this progress through the Committee established in accordance with Article 29 (1) of Directive 2008/57/EC.

Article 4

Compliance with networks in non-EU countries

With regard to railway freight services operated from or to third countries, compliance with the requirements of the TSI set out in the Annex is subject to the availability of information from entities outside the European Union unless bilateral agreements provide information exchange compatible with that TSI.

Article 5

Implementation

1. The Agency shall assess and oversee the implementation of this Regulation to determine whether the agreed objectives and deadlines have been achieved and shall provide an assessment report to the TAF steering committee referred to in section 7.1.4 of the Annex.
2. The TAF steering committee shall assess the implementation of this Regulation, based on the assessment report provided by the Agency, and shall take the appropriate decisions for further actions to be taken by the sector.
3. Member States shall ensure that all railway undertakings, infrastructure managers operating and wagon keepers registered on their territory are informed of this Regulation and shall designate a National Contact Point for the follow-up of its implementation as described in Appendix III.
4. Member States shall send to the Commission a report on the implementation of this Regulation by 31 December 2018. This report shall be discussed in the Committee established in accordance with Article 29 (1) of Directive 2008/57/EC. Where appropriate, the TSI set out in the Annex to this Regulation shall be adapted.

Article 6

Repeal

Regulation (EC) No 62/2006 is repealed from the entry into force of this Regulation.

Article 7

Entry into force and application

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2015.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Commission
The President
José Manuel BARROSO
