3. Hague programme review
(public debate)

The Council discussed the Hague programme review based on the Presidency document.

criminal measures aimed at ensuring the enforcement of intellectual property rights
(discussion on specific questions)
(public deliberation)
13103/06 DROIPEN 59 PI 48 CODEC 958

The Council discussed the issues set out in document 13103/06 and came to the following
conclusions:
- Bearing in mind the principle of subsidiarity, further scrutiny is needed with regard to the
  need of criminal measures at EU level to protect intellectual property rights.

- **The Presidency will discuss with the incoming Presidency the possible ways of**
  **handling** the substantive provisions of the instrument should continue while awaiting the
  evaluation of Directive 2004/48/EC and the Ruling of the Court of Justice in case C-440/05
  which would give guidance on the question of Community competence in adopting
  criminal law measures.

- The discussions on the substantive provisions of the instrument should be based on a scope
  of the instrument limited to the intellectual property rights harmonised in Community
  legislation, in line also with the principles included in the conclusions of the informal
  meeting in Vienna on 13/14 January 2006.
