"I/A" ITEM NOTE

From: Council Secretariat
To: COREPER/Council
No. Cion prop.: 12676/09 TRANS 306

- Decision not to oppose the adoption

On 7 August 2009, the Council received the above-mentioned Draft Commission Regulation for scrutiny by the Council in accordance with Article 5a of Decision 1999/468.

Until 30 September 2009, the Secretariat has not received any specific comments from delegations that the draft Regulation would exceed the scope of implementing powers conferred upon the Commission in the basic instrument or that it would not be compatible with the aim or the content of the basic instrument or would not respect the principles of subsidiarity or proportionality.

In that light, Coreper is invited to endorse that the Council adopts a decision not to oppose the draft Regulation in question thereby allowing its adoption by the Commission.
